What We Do.

Building Safety Case

The Building Safety Act 2022 has established new fire safety regulations, which will take effect on 1st October 2023. This legislation requires that a digital record be compiled for higher-risk buildings, incorporating the Golden Thread of information through a Building Safety Case.

Project Management

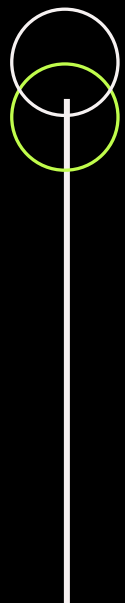

Acting as the Principal Designer and Principal Contractor we manage the tender process, health and safety and all installation accreditations inline with current CDM regulations

Surveys

Utilising our knowledge and learned processes we carry out In-depth digital surveys of onsite passive fire defects inline with B59999:2017
