

# HANDLE SECURITY INCIDENTS & SERVICES (HSIS)

SEC-ICM-1003-1.1

Ref Number: TGS-2022017655

## INTRODUCTION

Prospect Protection's **Incident Response (Handle Security Incidents and Services)** course covers the knowledge, skills and attitudes required of a security personnel to manage security incidents and services at deployment sites. Learners will also be able to attain knowledge and capabilities to handle security irregularities or emergencies efficiently and effectively at clients' premises.

## COURSE RELEVANCE

This programme is one of the mandatory courses required by the Police Licensing & Regulatory Department (PLRD) for a Security Officer (SO) prior to deployment at any premises.

## LEARNING OUTCOMES

Review different types of incident scenarios or responses based on organisational procedures and its appropriate reporting procedures

Perform security reporting procedures using mobile devices

Handle incidents involving damaged facilities or equipment

Attend to medical and first-aid needs while minimising risks of further injuries

Manage fire drills and outbreaks in accordance with procedures

## HEAR FROM THEM

Witness the success of our graduates who are now leading in the security field. It's your turn NOW.
