 Brushed Stainless Steel + Black Wood Top

The table's unique design, featuring a polished stainless steel frame, creates fascinating reflections and shadows, adding dynamic visual interest to your home. The reflective quality of the polished stainless steel brings a bright, eye-catching sparkle, while the brushed finish offers a more subtle, refined sheen.

The tabletop options further enhance the table's versatility. Choose from the rich texture of open-pore black wood, which adds a touch of modern rustic charm, or the timeless allure of marble for a more classic and distinguished look.

With a sleek, flat base, this side table is not just beautiful but also highly practical, as it can easily slide under your sofa, saving space and adding convenience to your living area. This side table is not just a piece of furniture but a statement of style, offering both beauty and practicality for any setting.
