

Dimensions in cm /

Top in Black HPL

+

Cylindric feet in Walnut

+

Base in Epoxy black Paint

Additional Central Socket

Despite being an ultra-durable table thanks to its robust metal frame and Fenix HPL top, the NOTE is the most stylish addition to any dining room or office. The central metal tube is covered with wood for a warm touch. Although it comes with these finishes, you can customize it with wood on the tube and top, and choose whether to include power outlets.
